

The Alps 2013

Catherine Cosby, representing Ski 2 Freedom: "this has been a superb networking occasion and a wonderful opportunity to meet representatives from resorts in Austria, Italy and Switzerland which we can add to our portfolio.

One resort in Austria offers extraordinary wheelchair accessible hotels and sit-skiing. I am very excited about my forthcoming visit next Winter. See News item for more details on what this resort offers.

It is really encouraging to see the enthusiasm that resorts are showing for visitors with a disability or special need.

Thank you to Chamonix for providing such a spectacular location and hosting a great Event!

I just have to add that the food provided throughout the Alps 2013 was just Heaven on Earth!!"
