

## **Snow Wise joins up as a Member of Mountains 4 All**

**Mountains 4 All is delighted to welcome Snow Wise. Another Member to help promote, support and raise awareness of how accessible and inclusive a trip to the French Alps can be for life-enhancing winter experiences.**

**As a Member we can offer their expert advice on adaptive or assisted skiing, accessible hotels and other winter experiences.**

**Snow Wise are experts in offering high-class ski holidays, especially for families. They operate in France, Switzerland, Austria and Italy.**

**Catherine Cosby, Director and a Founding Member of Mountains 4 All: *“To achieve a fully inclusive and accessible ski and winter holiday takes partnership, enthusiasm, and empathy and Fraser Wilkin and his team certainly have this! We have had a number of beneficiaries who have been with Snow Wise, and their experiences have been extremely positive. What makes it so great for us is the history that Snow Wise has with skiing and the high regard with which they are held by hotels and ski resorts. This makes my work so much easier in knowing that a beneficiary will be well looked after.”***

**For more information as to how to become a Member of Mountains 4 All please contact Catherine Cosby**

**Notes:** Mountains 4 All is a Swiss based non-profit Association promoting the life-enhancing benefits of mountain activities year-round. We are an advocate in supporting Inclusive, Accessible and Health Tourism. We have taken over the day-to-day operations formerly undertaken by Ski 2 Freedom Foundation and Catherine Cosby is our Director of Operations. She brings over 12 years of personal experience and expertise to Mountains 4 All. She has a personal understanding of life-changing conditions as her daughter was born with a catastrophic genetic condition Rett Syndrome. She has worked tirelessly to help ensure that children, young people and adults (of all nationalities with a diverse and wide range of medical and health-related illnesses and conditions) to have the ultimate inclusive and accessible alpine experience.
